Hi Matt,

I won't be drafting transportation related bills this session, except for those related to drunken driving. So, I'm forwarding this request to Brett Balinsky and Aaron Gary.

Peggy,

Rep. Townsend would like AB 982 redrafted for the 2007 session. I looked it over, and I don't think there need to be any changes.

Please let me know if you have any questions.

Thanks!

2005 ASSEMBLY BILL 982

RMNR

4 PS.
P. 10/1
please

February 2, 2006 - Introduced by Representatives TOWNSEND, ALBERS, KRAWCZYK and NASS, cosponsored by Senators GROTHMAN and LASSA. Referred to Committee on Transportation.

Regen

- 1 AN ACT *to create* 341.26 (2) (p) of the statutes; **relating to:** registration for
2 vehicles equipped with mobile emergency communication equipment.✓

Analysis by the Legislative Reference Bureau

Under current law, most vehicles are registered annually with the Department of Transportation. The fee for registering an automobile is \$55✓ and the fee for registering most other vehicles is based on the vehicle's weight. However, certain motor vehicles may be registered for five years upon payment of a \$5✓ registration fee.

This bill allows a motor vehicle that is equipped with mobile emergency communication equipment, that is owned by an amateur radio organization, and that is operated by a person who holds an unexpired amateur radio state license issued by the Federal Communications Commission✓, to be registered for five years upon a payment of a \$5 registration fee.

For further information see the *state*✓ fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

- 3 SECTION 1. 341.26 (2) (p)✓ of the statutes is created to read:
4 341.26 (2) (p) A motor vehicle equipped with mobile emergency communication
5 equipment that is owned by an organization of holders of unexpired amateur radio

ASSEMBLY BILL 982

SECTION 1

1 state licenses issued by the federal communications commission[✓] and is used
2 exclusively to provide or coordinate emergency communications.
